Golden Capital Management, LLC has prepared and presented this report in compliance with the Global Investment Performance Standards (GIPS®).

SMID Cap Core Composite:

The SMID Cap Core Equity composite is comprised of fully discretionary, equity only separate accounts and includes cash. The SMID Cap Core portfolio is an actively managed value-biased portfolio of companies that exhibit the likelihood to meet or exceed earnings expectations. The dispersion of annual returns is measured by the standard deviation of the asset-weighted portfolio returns represented within the composite for the full year.

Composite Guidelines:

Results for the full historical period are time weighted. Portfolios are valued monthly on a trade date basis including accrued interest and dividends. Returns are calculated gross of taxes withheld on foreign dividends. Composites returns are dollar weighted on a monthly basis. Valuations and returns are presented in US Dollars. No leverage or derivatives have been used in any portfolios. This composite was created July 2007. Gross of fees performance results are net of brokerage commissions and transaction costs but do not reflect the deduction of investment advisory fees and any other expenses that a client would have paid or actually paid. Net returns are calculated by deducting the maximum applicable advisory fee for this strategy of 0.95% annually, pro-rated on a quarterly basis. The advisory fees and other expenses incurred in the management of the account will reduce clients' investment return. Investment advisory fees for the SMID Cap Core strategy are 0.95% on the first \$25 million and 0.75% over \$25 million. Golden Capital Management's advisory fees are fully detailed in Part II of its Form ADV. Additional information regarding policies for calculating and reporting returns is available upon request. From 6/30/07 through 12/31/07, the sole account in the composite was non-fee paying for that period. Beginning January 1, 2008, a fee-paying account was included in the composite and the non-fee paying account was closed and removed from the composite.

Definition of Firm:
